Job Posting Sites: Environmental Sciences, Policy & Mgmt

Compliance Crossing
http://www.compliancecrossing.com/
A very focused website for any employment related to compliance. Keyword: environmental

Conservation Job Board
https://www.conservationjobboard.com/category/policy-law-jobs
Listings for employment opportunities around the country in ecology, wildlife, forestry, marine biology, environmental education, and related fields.

Ecojobs
Environmental career opportunities in the U.S., easily searched by sub-category and region.

Energy.gov
http://energy.gov/eere/education/clean-energy-jobs-and-career-planning
Through the Office of Energy Efficiency & Renewable Energy, find jobs and internships in public, private and nonprofit sectors
Environmental Defense Fund
https://www.edf.org/jobs/internships-fellowships

Environmental Career.com
http://www.environmentaljobs.com/
Helping people search and find environmental jobs in all industries.

GIS jobs
http://www.gisjobs.com
Job openings, salary data and employment resources related to Geographic Information Systems.

Going Global
http://goldpass.umn.edu (link for Going Global is on the student home page)
Going Global is a great resource for students about the cultural nuances of the job search in various countries and cities throughout the world, and for international students looking for information on work opportunities here in the United States.

GoldPASS
http://goldpass.umn.edu
University of Minnesota job posting system. In addition to finding current job and internship openings, use GoldPASS to search info and contacts for students' previously completed internships related to this major (to get ideas and contact information; this is not a list of openings), select "job search", then "internship agreement database".

GreenBiz.com
http://jobs.greenbiz.com/?ms=36240
GreenBiz, for information related to all aspects of sustainability in business.

GreenCorps
http://www.pca.state.mn.us/mngreencorps
Environmentally-focused Americorps program sponsored by the Minnesota Pollution Control Agency. Become a member to work for a year at a host site on air quality, green infrastructure, waste prevention and recycling.

Green Dream Jobs
http://www.sustainablebusiness.com/greendreamjobs/jobs/
Environmental and business jobs with environmentally responsible employers.

Indeed
https://www.indeed.com/jobs?q=environmental&l=
Comprehensive list of current environmental science jobs available around the country.

Internships
http://www.internships.com/
This website provides services and resources for students, employers and educators. Students can search for internships and jobs based on location and type of industry/major.

Minnesota, State of
https://www.mn.gov/mmb/careers/
Includes Department of Natural Resources and Minnesota Pollution Control Agency. Watercraft Inspection volunteer experiences are a GREAT way to gain Minnesota DNR experience. http://www.dnr.state.mn.us/jobs/watercraft/description.html
Minnesota Dept of Agriculture, Environmental Consultants List,  
http://www.mda.state.mn.us/chemicals/spills/incidentresponse/guidelist/gd22.aspx

SimplyHired  
https://www.simplyhired.com/  
Job search engine that provides a salary estimator and ability to browse for opportunities by location, employer, and more.

Summer Undergraduate Research Opportunities, Paid  
http://www.pathwaystoscience.org/undergrads.aspx  
Over 800 programs -- NSF REU, NASA and other paid summer research opportunities for undergrads  
Search Disciplinary Categories for "Earth, Environmental & Agriculture Sciences" (190 programs!)

Student Conservation Association  
http://www.thesca.org/  
Internships and jobs available in conservation related areas in all 50 states. Be thoughtful and thorough with your application. There’s a one-time $25 fee to apply, for as many positions as you’d like, forever. Ask about the SCA partnership with the federal government.

Wildlife and Fisheries Sciences Job Board, Texas A&M University  
https://wfscjobs.tamu.edu/job-board/  
Free job listing service targeting positions related to aquaculture, wildlife, fisheries, environment, ecology, natural resources, conservation, biological and life sciences and outdoor recreation.

USA JOBS  
http://www.usajobs.gov/  
The official job site of the United States government, including:  
Bureau of Land Management  
Department of Energy  
Environmental Protection Agency  
Fish and Wildlife Service  
Forest Service  
National Park Service  
National Oceanic and Atmospheric Administration  
Natural Resources Conservation Service  
National Weather Service

Washington Internship Institute  
http://wiidc.org/  
Semester-long policy-related internships, including environmental focus. Scholarships are available.

Professional Associations Related to Environmental Sciences, Policy and Mgmt. Fields

Many professional associations have listservs or web sites where jobs and internships are posted. Sometimes, membership is required for access, so consider becoming a student member. Other benefits of membership include access to other members (for informational interviews), evidence of your commitment to the industry, and information about current trends as well as upcoming conferences and local meetings. CFANS sponsors travel grants for students to attend professional conference and development events.
CONSERVATION AND RESOURCE MANAGEMENT

American Institute of Hydrology
http://www.aihydrology.org/
Also known as the Society for Certification of Hydrology Professionals, dedicated to promoting hydrology as a science and a profession. Provides educational programs and holds workshops and meetings for members.

American Water Resources Association
http://www.awra.org/
Non-profit professional association dedicated to the advancement of men and women in water resource management, research and education.

American Wind Energy Association, AWEA
http://www.awea.org/
National trade association representing those involved in the numerous aspects of wind energy.

Minnesota Association of Soil and Water Conservation Districts
http://www.maswcd.org/

National Association of Conservation Districts (NACD)
http://www.nacdnet.org/
Districts work with millions of cooperating landowners and operators to help them manage and protect land and water resources on private and public lands in the United States.

Society for Ecological Restoration International
http://www.ser.org/
Resources, articles, events and job listings related to ecological restoration.

CORPORATE ENVIRONMENTAL MANAGEMENT

Air & Waste Management Association
http://www.awma.org/
International organization providing services environmental professionals related to air quality, waste management and environmental management

GreenBiz.com
http://www.greenbiz.com/
GreenBiz, for information related to all aspects of sustainability in business

National Association for Environmental Management (NAEM)
http://www.naem.org/
Network for Environmental, Health and Safety, and Sustainability decision-makers

ENVIRONMENTAL EDUCATION AND COMMUNICATION

Environmental Education and Training Partnership
http://www2.epa.gov/education/national-environmental-education-training-program
Provides information and resources on environmental literacy and professional development.
National Association for Interpretation
http://www.interpnet.com
Resources, articles, events and job listings related to interpretation.

North America Association for Environmental Education
http://naaee.org/
Professional resources, job postings and other information for those in environmental education.

ENVIRONMENTAL SCIENCE

Algal Biomass Organization
http://www.algaebiomass.org/
Promotes the development of viable technologies and commercial markets for renewable and sustainable products derived from algae.

American Solar Energy Association (ASES)
http://www.ases.org/
Leading non-profit association of solar professionals and advocates

American Council on Renewable Energy (ACORE)
http://www.acore.org/
Advances the renewable energy sector through market development, policy changes and financial innovation

National Association of Environmental Professionals (NAEP)
http://www.naep.org/
Network for environmental professionals in the public and private sectors

Society of Wetland Scientists
http://www.sws.org/
Resources, articles, events and job listings related to wetland science.

Soil Scientist Society of America
https://www.soils.org/
A starting point for internet soil science connections with job opportunities, student membership and soil science web links.

POLICY, PLANNING, LAW AND SOCIETY

American Planning Association – Environment, Natural Resources and Energy Division
http://www.planning.org/divisions/environment
Resources, articles, and events related to environmental community planning.

Environmental Management Association
http://emaweb.org/
Network for information exchange between government and industry professionals involved with environmental management.
Environmental Law Alliance Worldwide  
http://209.191.186.229/  
Links to legal and scientific resources related to environmental law. Also has recent news and volunteer opportunities.

Resources for the Future  
http://www.rff.org  
Works to improve environment and natural resources policymaking worldwide through objective social science research. Find links to topics related to conservation, publications, recent news, and upcoming events.

Additional Resources for Environmental Sciences, Policy and Management

About Government Employment  
https://www.careerhelp.umn.edu/governmentjobs  
Comprehensive information on local, state and federal employment compiled and condensed by Career and Internship Services.

Basic Environmental Law Resources  
https://www.law.berkeley.edu/library/dynamic/guide.php?id=47  
Compilation of resources on legal research about environmental law and finding technical or scientific literature pertaining to environmental law and policy.

Blue Green Alliance  
http://www.bluegreenalliance.org/home  
A collaboration of union and environmental groups, advocates for green jobs and internships.

Ceres  
http://www.ceres.org  
National network of environmentalists and investors with up-to-date industry news and a goal to improve sustainability and tackle challenges such as global climate change.

Clean Energy Resource Teams (CERTS)  
http://www.cleanenergyresourceteams.org/  
CERTs are a statewide partnership with a shared mission to connect individuals and their communities to the resources they need to identify and implement community-based clean energy projects.

Environmental Law Resources  
https://www.americanbar.org/groups/young_lawyers/publications/tyl/topics/environmental-law/guide-environmental-law-resources.html  
List of resources for people studying environmental law.

Green Energy Career Guide  
http://www.greenenergyjobs.com/career-guide/  
The Green Energy Career guide provides an overview of the career opportunities within the Renewable Energy industries.
Inhabitat  
https://inhabitat.com/  
Online guide to the best green design ideas, innovations, and inspirations to build a cleaner, brighter, and better future.

Institute on the Environment  
http://environment.umn.edu/  
IonE discovers solutions to Earth’s most pressing environmental problems by conducting transformative research, developing the next generation of global leaders and building world-changing partnerships.

Minnesota Board of Soil and Water Resources  
http://www.bwsr.state.mn.us/  

Minnesota Environmental Partnership  
http://www.mepartnership.org/  
A coalition of organizations working together to protect and preserve our natural environment. Review the membership organizations for potential employers

MnEnergyCareers  
http://www.iseek.org/industry/energy/index.html  
A component of ISEEK, includes information about energy careers, jobs and education

Renewable Energy World  
http://www.renewableenergyworld.com/index.html  
Search news, companies, events, jobs related to varied energy types.

University of Minnesota Undergraduate Research  
http://www.urop.umn.edu  
Offers research and creative activity experiences to students in all of our undergraduate colleges.

Wisconsin Department of Natural Resources  
http://dnr.wi.gov/  
Employment opportunities and Natural Resource Information.

Student Organizations: Environmental Sciences, Policy and Mgmt

For more information on the student organizations below, and others, visit  
https://gopherlink.umn.edu/organizations/

CFANS Student Board  
https://gopherlink.umn.edu/organization/347  
Comprised of elected executive student delegates and standing student group representatives that work directly with faculty and staff of the College of Food, Agricultural, and Natural Resource Sciences to create open communication across all levels of the college.
Environmental Student Association
https://gopherlink.umn.edu/organization/2534
The Environmental Student Association is a student-run university organization for all environmentally-minded students. ESA holds weekly meetings to plan events such as volunteering, Eco-U (an exciting environmental symposium), the Earth Day Expo (a large-scale Earth Day event on campus), and camping trips. Our meetings are always fun, unpredictable, and sometimes have treats!

MANRRS (Minorities in Agriculture, Natural Resources, and Related Sciences)
https://gopherlink.umn.edu/organization/513
St. Paul based nonprofit that provides opportunities for students of different backgrounds to grow professionally within their field of interest, to socialize with other students of the same or different backgrounds, and to make a difference in the community. MANRRS is also a nationally recognized organization with yearly conferences. All are welcome! Join in, enjoy our pizza meetings, and learn different things from speakers and professional groups. Email manrrs@umn.edu with any questions.

St. Paul Ambassadors
A voluntary, honorary organization consisting of undergraduate students from the College of Food, Agricultural and Natural Resource Sciences at the University of Minnesota. They assist in promoting the College to prospective students and their parents, alumni, potential donors, and friends of the College and University of Minnesota.

Students for Sustainability
https://gopherlink.umn.edu/organization/3177
We are an environmental student club dedicated to promoting sustainable solutions and projects in the Twin Cities. We are especially focused on the West Bank Community Garden, where both students and outside community members grow local, fresh foods.
