Cost Estimator

Civil Engineer
http://www.bls.gov/ooh/architecture-and-engineering/civil-engineers.htm

Job Posting Sites for Construction Management Related Fields

Builders Association of the Twin Cities
Job postings specifically related to the construction and building industry.

Construction Jobs
https://constructionjobs.com
Online job board specifically for the construction, design, and engineering industries.

Construction Work
https://constructionwork.com/
ConstructionWork is an executive search and placement firm that caters exclusively to the AEC (Architecture, Engineering, and Construction) industry. The job board updates daily with about 100 new jobs, and around 3000 job are listed. You can reach out to other contractors, employers, and contacts as well.

Design-Build Institute of America
http://careerspot.dbia.org/jobs
Listings for job openings in the design and construction services fields around the country.

Going Global
http://goldpass.umn.edu (link for Going Global will be on the student landing page)
Going Global is a great resource for international students looking for information on work opportunities here in the United States. It is also a great tool for students looking for information on the cultural nuances of the job search in various countries and cities throughout the world.
GoldPASS
http://goldpass.umn.edu
University of Minnesota job posting system. In addition to finding current job and internship openings, use GoldPASS to search info and contacts for students' previously completed internships related to this major (to get ideas and contact information; this is not a list of openings), select "job search", then "internship agreement database".

Internships
http://www.internships.com/
This website provides services and resources for students, employers and educators. Students can search for internships and jobs based on location and type of industry/major.

Top Building Jobs
http://topbuildingjobs.com/
Compiles all the construction job listings into one area from other general job posting boards

Professional Associations Related to Construction Management

Many professional associations have listservs or web sites where jobs and internships are posted. Sometimes, membership is required for access, so consider becoming a student member. Other benefits of membership include access to other members (for informational interviews), evidence of your commitment to the industry, and information about current trends as well as upcoming conferences and local meetings.

Associated General Contractors of Minnesota
http://www.agc.org/ (Minnesota Chapter)
The leading national construction trade association including information on student chapters and scholarships and other industry topics.

American Institute of Building Design
http://www.aibd.org (National Society)
Includes a career center with job postings, certification information, events, and student membership.

American Institute of Constructors
http://www.professionalconstructor.org/
The AIC’s mission is to promote individual professionalism and excellence throughout the related fields of construction. They provide information about benefits and certifications for individuals and professionals.

American Tiny House Association
http://americantinyhouseassociation.org/
The American Tiny House Association’s goal is to support tiny house enthusiasts who are seeking creative and affordable housing as part of a more sustainable and self-reliant lifestyle. They want to promote tiny houses as a viable, formally acceptable dwelling option for a wide variety of people.

Architects/Designers/Planners for Social Responsibility
http://adpsr.org
Includes student membership, resources for architecture and related fields, and current news.

Construction Management Association of America
https://cmaanet.org/
The Construction Management Association of America (CMAA) is a non-profit and non-governmental, professional association serving the construction management industry. The Association was formed in 1982. The website has certification requirements, professional event listing, and training/education lessons.
Construction Marketing Association
http://www.constructionmarketingassociation.org/
The Construction Marketing Association (CMA) is a professional group focused on a broad range of resources and support for marketers in the construction category. The website has resource links, interesting articles, and an updated job posting board. There is a membership requirement for some pages, but the job board and blog articles should work fine without a membership.

Construction Specifications Institute
http://www.csinet.org
Information on the building design and construction industry

National Association of Home Builders
http://www.nahb.org
Resources for both members and consumers

National Association of Housing and Redevelopment Officials
http://www.nahro.org/ (National chapter)

http://www.usgbc.org (National Chapter)
http://www.usgbcmin.org – Mississippi Rivers Chapter (Minnesota Chapter)
Industry information and links.

Additional Resources for Construction Management

Ace Mentor Program
http://www.acementor.org/
Teams of mentors show students what careers in architecture, construction or engineering may look like. Students design and build a mock construction project, and then compete against other teams. The students also have opportunities to win scholarships.

Aconex
https://www.aconex.com/blogs/
Construction Blog that give updated news articles and trends, provides helpful resources, and offers tips about the best practices inside the majors

Building Design + Construction: Case Studies
https://www.bdcnetwork.com/case-studies
An updated list of case studies that outline some real life construction experiences and lessons learned in the field. Also offers other articles that are relevant and important to the construction field.

Construction Global
http://www.constructionglobal.com/
Website for a construction magazine that provides the latest building and construction news for companies, associations and executives globally.
Habitat for Humanity
http://www.habitat.org/ (National Chapter)
http://www.hfhmn.org/ (Minnesota Chapter)
A non-profit organization where you can volunteer your time to help others.

Raken Construction Blog
http://www.rakenapp.com/blog/
A blog that gives the latest news and updates about the construction field on a day by day basis. Here you’ll find a lot of interesting articles as well.

University of Minnesota Undergraduate Research Opportunities Program
http://www.urop.umn.edu/
Offers research and creative activity experiences to students in all of our undergraduate colleges, to students in honors programs, as well as students not in honors programs.

Student Organizations for Construction Management

For more information on the student organizations below, and others, visit https://gopherlink.umn.edu/organizations/

University of Minnesota Construction & Facility Management Student Association (CFSMA)
https://gopherlink.umn.edu/organization/2498
CFMSA focuses on giving its members access to real world examples that relate to what they're studying such as connecting to relative professional associations such as MCA, AWC, DBIA, and etc., performing service projects and volunteering for building related events, touring construction sites or finished buildings, and hosting, panels and guest speakers talking about their experience, outlook for the industry, things that make for a successful professional. Events emphasize networking between practitioners, existing students, and recent graduates.
