Professional Associations Information for ICP Students

Many professional associations have listservs or web sites where jobs and internships are posted. Sometimes, membership is required for access, so consider becoming a student member. Other benefits of membership include access to other members (for informational interviews), evidence of your commitment to the industry, and information about current trends as well as upcoming conferences and local meetings.
Because of the broad nature of the Inter-College Program major, you will want to search for professional associations related to your unique career goals. If you have a particular field in mind, try doing a general search:
