USDA's Center for Nutrition Policy and Promotion (CNPP), (non-RD) Internships
http://www.cnpp.usda.gov/internships.htm

USDA Food Safety and Inspection Service
Provides an overview of employment in the FSIS and links to the appropriate federal job posting site for openings.

Professional Associations Related to Nutrition

Many professional associations have listservs or web sites where jobs and internships are posted. Sometimes, membership is required for access, so consider becoming a student member. Other benefits of membership include access to other members (for informational interviews), evidence of your commitment to the industry, and information about current trends as well as upcoming conferences and local meetings. CFANS sponsors travel grants for students to attend professional conference and development events.

Academy of Nutrition and Dietetics (formerly the American Dietetic Association)
www.eatright.org

http://www.who.int/
International resources about health and nutrition.

Student Organizations for Nutrition
For more information on the student organizations below, and others, visit https://gopherlink.umn.edu/organizations/

CFANS Student Board
https://gopherlink.umn.edu/organization/347
Comprised of elected executive student delegates and standing student group representatives that work directly with faculty and staff of the College of Food, Agricultural, and Natural Resource Sciences to create open communication across all levels of the college.

Food Science and Nutrition Club
https://gopherlink.umn.edu/organization/397
The Food Science and Nutrition Club fosters a close relationship among the Food Science and Nutrition students and faculty and promotes interest in the profession. The club encourages programs that stimulate the knowledge, thought and vision of its membership. Programs include speakers, demonstrations, field trips, and opportunities for association with leaders in the profession. Planned annual activities for the club include a tour of Pillsbury, a tour of Davisco, a departmental holiday party, a club picnic, a new product development team, and a number of
There are no requirements for joining the club; it is open to all students interested in Food Science and Nutrition. You can also contact fsncub@umn.edu with questions.

**MANRRS (Minorities in Agriculture, Natural Resources, and Related Sciences)**
https://gopherlink.umn.edu/organization/513
A St. Paul based non-profit organization with the purpose to provide students of different backgrounds with the opportunities to grow professionally within their field of interest, socialize with other students of the same or different background, and make a difference in the community. MANRRS is also a nationally recognized organization with yearly conferences. All are welcome! Contact: mnmanrrs@yahoo.com

**St. Paul Ambassadors**
A voluntary, honorary organization consisting of undergraduate students from the College of Food, Agricultural and Natural Resource Sciences at the University of Minnesota. They assist in promoting the College to prospective students and their parents, alumni, potential donors, and friends of the College and University of Minnesota.

**Student Organization of Nutrition and Dietetics (SOND)**
https://gopherlink.umn.edu/organization/400
Since 1980, The Student Organization of Nutrition and Dietetics, SOND, has brought together nutrition and dietetics students for networking, support, fun and outreach.

**Student Ambassadors for Food, Health, and Culture**
https://gopherlink.umn.edu/organization/AFHC
We will connect students with faculty and professionals throughout the food system by providing mentor experiences and leadership training to students. We will bring in interdisciplinary professionals twice a month to speak on topics related to the food system; supply chain, field to consumer, and to policies. We will hold a campus-wide mentor event in each spring which will connect food, nutrition, and agriculture students to Minnesota food professionals.

**Spoon University at the University of Minnesota**
https://gopherlink.umn.edu/organization/spoonuniversityatumn
Ultimately, the mission is to help college students eat intelligently. Spoon University has three main goals: (1) to empower students to create something meaningful and long-lasting on campus (2) to give students experience in food, journalism, photography, online media and marketing (3) to create a strong community on campus focused on food. The team of members will work together to create content for our chapter of Spoon University to be published online.
